

## **A Time Line Project ( Social Studies)**

What to do

We have learned about how important a Time line is to better understand events in the past.

- You will make a **time line** about your own life.
- Divide your **time line** into years, starting with the date you were born until now.
- You need to have at least 6 important events.

Here are some suggestions of what you can have on your **time line**:

- \_ My Baptism
  - \_ My First Steps
  - \_ My First Day of School
  - \_ My First Field Trip
  - \_ My First Communion
- + Events must have pictures.
- + Decorate your time line creatively.

Materials needed:

- \_ Use a foam board or poster paper measuring 30 in. x 12 in.
- \_ Pictures
- \_ Decorations

The SLE's & CA Standards for this project are: A3, B1,B2,B4, C1,C3C7, and standards 3.2, 3W1.2.

Timeline Project is due **Check Web Page Calendar.**
